McKINLEY - WHERE MODERN MEETS TRADITIONAL

This 60-inch fireplace combines the sleek shape of a linear fireplace with the charm of traditional styling. Experience flames like no other with first-of-its-kind wrap around flames. With the addition of Truflame technology, this fireplace has a true wood-burning look that will become the center-piece of your living room.

Personalize your experience with multiple logs sets, liners and trim kits to choose from.

TRADITIONAL MAPLE

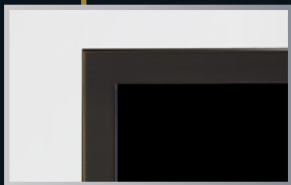

McKINLEY RAISED BURNER TECHNOLOGY

By raising and precisely positioning the burner, the system enhances flame height, movement, and glow, delivering a fuller, more realistic fire appearance.

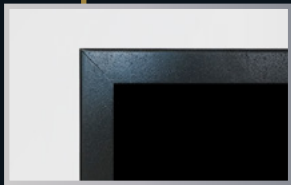

The elevated design also improves ember bed illumination and log detail, creating layered depth that closely mimics a traditional wood-burning fire. The result is a visually striking, high-efficiency insert that combines authentic ambiance with modern performance.
