

Grand Fire Pit

LOGS & FIRE PIT BURNER SYSTEM

A grand alternative to smaller, cheap looking fire pits!

- Massive, highly textured ceramic molded logs.
- Heavy 3/4" steel center stand for stable arrangement.
- Thick 14-gauge pans with high temp powder coating and deep well depth to accept large lava rock.
- Stainless steel high velocity Spoke Burner.
- High output 6-volt direct spark remote controlled valve system available.
- Large lava rock between burner and logs.

GFP-24 MATCH-LIT WITH LOGS
