

Boulevard Linear Vent-Free Fireplaces

Boulevard

BIG, BOLD, BOULEVARD.

The Boulevard series of linear fireplaces offers multiple sizes and design options, allowing it to seamlessly fit into any space. With its outside proportions, contemporary burner, and lighting system concealed beneath an ocean of crushed glass, a Boulevard Linear Vent-Free Fireplace makes a bold statement that's sure to turn heads in any setting. Available in 36, 48, 60 and 72-inch models, the Boulevard can accommodate anything from a small living room to a large commercial building.

Boulevard 72

The Boulevard 72 is the largest in the Boulevard line-up with an impressive 72-inch by 12-inch viewing area. It is sure to be the focal point of any room. The fully recessed burner fills the fireplace with a tall, lively flame. The multicolor LED underlighting can be set to just the right color for any occasion. Accessorize your Boulevard fireplace with the unique ceramic glass black reflective liner to create the illusion of unimaginable depth; or opt for the stainless steel liner for a brighter contemporary feel. Choose a decorative 1½-inch beveled front in matte black, a simple black ¾-inch frame, or have your contractor install tile, stone or plaster right to the fireplace opening.

Front cover: Boulevard 48-inch Vent-Free Linear Fireplace with black porcelain liner, black trim kit and heat management kit.

Boulevard 60

The Boulevard 60 features a large 60-inch by 12-inch viewing area that is filled with a fully recessed burner to give unobstructed views of the lively fire. The multicolor LED underlighting can be set to just the right color for any occasion. Its remote also functions as a thermostat and can adjust the flame height offering six levels of intensity. Choose an optional liner, log, or front to personalize the Boulevard 60 to any room.

Boulevard 60 See-Through

The Boulevard 60 see-through model is designed to be enjoyed in not just one room but two. Perfect for room dividers or with the addition of our indoor/outdoor kit, views can even be enjoyed from the outside. The Boulevard 60 comes standard with multicolor LED underlighting that can be adjusted for just the right level of illumination.

Boulevard 48, 48 See-through, & 36

The Boulevard 48, 48 see-through, and 36 offer all the same great features and designs options as the 60 and 72 but in a smaller, more compact design. Perfect for small to large living spaces, these models can be personalized with the addition of liners, logs, overhead lighting and fronts. The Boulevard 48 See-Through can be installed between two interior rooms making them feel like one connected space.

Driftwood Ceramic Fiber Log Set with Rocks

HEAT MANAGEMENT

Exterior Forced Air Kit

Enjoy the ambiance of the Boulevard series of fireplace no matter the season. Easily control the amount of heat entering the room utilizing the forced air heat management kit. An exterior mounted fan pulls heat being produced by the fireplace and moves it to the exterior of the home.
