

THE RUSHMORE

SERIES

DIRECT-VENT FIREPLACES AND INSERTS
featuring Truflame Technology

WHY RUSHMORE

Rushmore's warm, realistic flames make for a perfect centerpiece that will bring your friends and family together. Choose from multiple fronts, finishes, logs and liners to match your Rushmore to the style of your space.

While Rushmore fireplaces and inserts are visually stunning, what you can't see makes them even more impressive. The Rushmore line of products feature TruFlame Technology created with the use of a ceramic catalyst. The catalysts help minimize emissions and maximize heat efficiency, resulting in the most realistic flames resembling a wood burning fire.

Rushmore 40 Traditional Charred log set (*this page*)

Rushmore 50 direct-vent fireplace with Traditional Charred log set and Black Porcelain liner (*cover image*)

Rushmore 36 direct-vent fireplace with Traditional Charred log set with Brushed Nickel beveled frame and Rustic Brick liner (page 3)

The Rushmore 36-inch fireplaces features a dual burner that creates a tall, lively fire. You have a choice of Traditional Charred, Driftwood or Birch log sets, each with large, glowing ember beds. Our ceramic glass front allows heat to easily transfer into your living space and provides a clear view of your fire.

Rushmore 40 direct-vent fireplace with Birch log set and Black Porcelain liner

The Rushmore 40-inch fireplaces showcases the same dual burner as the 36-inch Rushmore. Choose from the Traditional Charred, Driftwood or Birch log sets, that each feature large, glowing ember beds. Our ceramic glass front allows heat to easily transfer into your living space and provides a clear view of your fire.

Rushmore 50 with Forest Timber log set, Fire Cracked Brick liner, Forged Iron window frame with rectangle inset

The Rushmore 50 features a dual burner that creates a tall lively fire, accented with the massive Forest Timber log set and large glowing ember bed. The vast ceramic glass front allows heat to easily transfer into your living space and provides a clear view of the fire.

Rushmore 40 direct-vent see-through fireplace with Traditional Charred log set and Old World Stone liner

Our 40-inch Rushmore direct-vent see-through fireplace features a triple burner for a luxurious, realistic fire with two large glowing ember beds. The specially designed Traditional Charred log set gives you a unique look from both sides of this eye-catching centerpiece. Our see-through fireplace can be enjoyed in two rooms of your home for indoor beauty and comfort. By adding the stainless steel outdoor kit, the fireplace can be installed on an exterior wall, giving you indoor and outdoor viewing experiences.

Rushmore 30 insert with Charred log set, Black Porcelain liner and Forged Iron window frame with Arched Inset

Rushmore 35 insert with Charred log set and Old World Stone liner

Available in 30-inch and 35-inch models, Rushmore direct-vent inserts turn your wood-burning fireplace into an attractive and efficient centerpiece. The TruFlame system combines technology with aesthetics to create truly realistic flames and a glowing ember bed, reminiscent of a wood fire.
